- Pharmacy Technicians make \$13 - \$20 per hour according to the BLS Occupational Outlook
- Financial Assistance is widely available through payment plans, loans, scholarships and more.

BENEFITS OF OUR PROGRAM

LINK 2 LIFE is the highest quality class available. We provide an enjoyable learning atmosphere at a convenient location. **On-Line materials are available as soon as you sign up for the course.** These include all the lecture material, quiz's, skills videos and much more. Participants have completed the course with the highest grade average in the state.

Book not included. All other materials, testing fees and National Certification fees are included in the cost of the course.

Pre-requisites: Minimum 18 years of age and high school completion or its equivalent. Students need competency in, or completion of a basic computer operations course.

Link 2 Life Emergency Training INC. proudly presents the new Pharmacy Technician program. We will prepare you to work in a retail pharmacy and help you pass a national certification exam. We combine 80 hours of classroom instruction with a pharmacy externship to provide you with on-the-job experience. Over the course of 10 weeks you will gain exposure to the preparation of medications, maintaining client records, assisting with inventory control, purchasing, collecting payments, coordinating billing, and much more. ! Save up to a year and a half over other programs.

Certification: Upon successful completion graduates will receive a certificate of completion and become eligible to apply for registration as a Pharmacy Technician in their state and will take the National Healthcareers Association (NHA) examinations.
